

November 24, 2021

To all Seneca View Residents and Families:

Please be advised that we have had an additional resident test positive for COVID-19. The resident's family has been contacted and the facility remains under full precautions. No additional cases have been identified among our facility staff. At this time we have a total of five residents remaining on isolation precautions and three staff off for quarantine.

We remain under the new reduced visitation restrictions and encourage you to inform our nursing units of your planned arrival. This way we can properly assist your loved ones for your visit and provide you with information regarding any additional personal protective equipment needed. Entrance screening of all guests continues, including a non-contact temperature reading and a few risk evaluation questions, as required by the Department of Health. Social distancing and infection prevention practices must still be maintained for all visitors to the nursing home and we ask that you postpone your visit if you are exhibiting any symptoms of illness.

Please continue to monitor our website at SCHUYLERHOSPITAL.ORG, and feel free to contact our Nursing Units, the Director of Nursing, or my office if you have any questions. You can also reach our NYS Ombudsman, Tricia Chevallard, at (607) 274-5492 if you need.

Warmest Regards,

A handwritten signature in black ink, appearing to read "Patrick J. Ryan", is located below the "Warmest Regards," text.
