

September 5, 2021

To all Seneca View Residents and Families:

The latter part of our twice weekly testing results have come in this weekend and we have identified two additional COVID-19 positive residents and three additional staff. All preventative measures remain in place as we actively seek to identify the extent of this outbreak and contain any further spreading. Families of the newly affected residents have been contacted and the additional staff have also been placed on quarantine.

General visitation will remain under extensive restriction until the threat of further spreading has passed. Visits to residents on the end-of-life visitation program will not be interrupted although additional infection prevention measures may be required of visitors. Please continue to contact your respective nursing units for the scheduling of those visits.

We will continue to provide you with periodic updates when any further changes occur.

Please continue to monitor our **SCHUYLERHOSPITAL.ORG** website, and please feel free to contact us if you have any questions. You can also reach our State Ombudsman, Trish Chevallard, at (607)274-5492, if you need.

Warmest Regards,

A handwritten signature in black ink, appearing to read "P. Ryan", with a long horizontal flourish extending to the right.

Patrick J. Ryan
